ALL About Alzheimer's

Learn about the basics of Alzheimer's and dementia. We will discuss the early signs, symptoms, types, treatment options, and the effect the disease has on families and the community. This presentation was created by Care Navigators, a local patient advocacy group that serves the community to ensure smoother transitions and less stress on families that are struggling to manage their loved one's complex medical issues.

Immediately following the Alzheimer's presentation, Independent Insurance Advisor, Dave Halley, will do a presentation on costs of care and options for financing them. Traditional Long Term Care Insurance and Hybrid Products give consumers more options than ever before. Join us to develop a plan that will provide you and your family the peace of mind you deserve.
